

When and Who to Call

If your condition is clearly life threatening, you should first call the appropriate emergency medical service, such as 911, an emergency ambulance or the fire rescue unit.

The Generali Worldwide Assistance Centre should be your first point of contact for any local treatment or procedures for which your policy requires pre-authorization, or for any planned overseas treatment.

Managing With Care

At the Generali Worldwide Assistance Centre, we ensure that you are provided with the highest level of care obtainable. Our professional staff of Nurse Case Managers, Case Managers and Medical Directors work as a team to manage all aspects of your case. We are there every step of the way to make sure you get the attention you need.

A Case Manager is available to you and your family members as a resource for any questions or concerns you may have with regards to your medical care. Our involvement begins from the time of initial contact or referral until you safely return home. Services include, but are not limited to, pre-authorization of services, air ambulance coordination, hospital admissions, Health Care Provider recommendations, as well as discharge planning. We also monitor all costs associated with your case and help minimize your co-insurance and out-of-pocket expenses while conserving your lifetime benefits.

Generali Worldwide, together with our affiliated international third party administrator, Generali Global Health Services, is responsible for managing your local and overseas medical assistance, as well as providing worldwide network access through Global Medical Network.

When you find yourself faced with a medical emergency overseas or when you are travelling abroad for a planned pre-authorized treatment, we are here to assist you 24 hours a day, 7 days a week, 365 days a year.

Prescription Benefits
